Dear Manager,

I am writing to express my interest in applying for the Software Engineer position at your esteemed organization. I am confident that my qualifications, skills, and passion for technology make me a suitable candidate for this role. I am an MBA graduate from the University of West London, and I hold a Bachelor's degree in of Engineering in Software Engineering from the University of Rajarata, Sri Lanka.

During my academic journey and through my personal projects, I have gained valuable skills in software development, problem-solving, and project management. I have a strong foundation in programming languages such as Java, Python, C++, and I am adept at working with various software development tools and frameworks. My MBA also enhanced my ability to think strategically and manage projects effectively, skills that I am eager to bring to a professional setting.

In addition to my technical skills, I am a highly motivated and dedicated individual who enjoys collaborating with others to solve complex challenges. I am confident that I can make meaningful contributions to your team by bringing both my technical expertise and business acumen to your projects.

I have attached my CV for your review, which provides further details of my qualifications and experience. I would welcome the opportunity to discuss how my background, skills, and enthusiasm can be of value to your organization. Thank you for considering my application. I look forward to the possibility of contributing to your team.

Sincerely,

W.A.T. S. Weerawansha
